

1 Week before Integration
(last week of fractions Unit 2)

Materials Needed:

Cards

Hat, Jar, container to hold cards

Check registry for each student. (to record expenses and revenue)

Check books (for each student if possible)

Monday:

Have students choose future careers right after high school and write them down on the cards.

Have the cards all collected and placed in the jar.

Have each student select one of the cards for their “career” for the Financial Planning units.

Tuesday – End of Financial planning units

Bell work (Have on board before students enter the classroom)

- Have random expenses (Fixed and variable) that the students need to record as well as collect to do the assignments and examples in the Financial Planning book.
- Every other week have a paycheck for the students. Dock pay based off attendance if possible.

Randomly

- Have students occur random events through out the lesson (about once a week) i.e. birthday money, car needs tires, party, etc...
